

Roseworthy Student Newsletter

Volume 2, Issue 1 March 2011

WELCOME BACK!!

Hi Everyone and welcome back to another year at Roseworthy.

Just a reminder that this is a student newsletter, so if you want to make it more interesting than reading things written by me, make sure you send in articles, photos, etc to Judy so there is not enough room left for my things!

Changes for this year that you need to know about:

- Coveralls—this year the coveralls are being sold by the Adelaide University Union (\$45 each). Until they get their store located on campus here (hopefully by mid-semester break), you will need to order them from their shop at the North Terrace campus (email auu@adelaide.edu.au) - they can ship them up to Roseworthy for you if needed.
- Exchange students and students enrolled in the Agriculture programs can hire coveralls from the Front Office in the Main Building (see Judy and Elaine)
- Coveralls cannot be worn into any lecture theatres, tutorial rooms, the Café, Tavern or offices. They are only meant to be worn for practical classes. You should take a sturdy plastic bag with you to practical classes in case your coveralls get soiled as you will be required to take them off there (so make sure you wear other clothes under your coveralls!).
- We recommend that you wash your coveralls separately to prevent transmission of nasties to your normal clothes.
- Student lockers—this year students are able to hire the lockers in the change room facilities of the Vet Building. See Elaine in the Front Office of the Main Building.
- Buses—there is a 5.15pm bus direct from Roseworthy to North Terrace every day of the week. This bus is in addition to the normal buses (see <http://sciences.adelaide.edu.au/locations/bus.html>)
- Every Thursday this semester, there is a scheduled 2 hr lunch break. We will be using this time to put on various social activities (lunches, sports, trivia events, etc) as well as some information talks.

* This Thursday we will have a BBQ lunch open to all students and staff on campus. The BBQ will be \$2 per head. The bar will be open in the Tavern (but we remind all students that you should not consume alcohol if you have a practical in the afternoon). In addition, various sporting and social clubs (from on and off campus) will be setting up tables to let you know of their existence.
- The 1st year students are able to join a peer mentor program (Animates) to give them someone to talk to about all sorts of things (study, courses, life in general). Look out for the mentors in their green shirts—the program is free to join.

This will be a busy year for you all. Good luck with all your studies and remember, If you're not sure about something, ask someone!

News from the Library

Saturday Morning Openings

Roseworthy Library will be opening on Saturday mornings from 9.00 am to 1.00 pm (as well as Sunday afternoons 1.00 pm to 5.00 pm) during Semester times. This is a trial for this year to see if there is a demand for this service.

Free membership of the Veterinary Information Network (VIN) for students

VIN is a resource that includes the following features:

- A database of abstracts from thousands of veterinary and human medical journals
- A database of veterinary drug resources, including Plumb's veterinary drug handbook online
- Full-text proceedings from veterinary conferences
- Message boards discussing the special issues facing students
- A Student Centre with information resources gathered and organised specifically for students.

VIN is free to veterinary students who provide their university assigned student email address, the name of the university they are attending, the degree they are earning, the date (month and year) they expect to graduate.

Students may go to www.vin.com to complete their application. You do not need to enter any credit card information in the billing screen, simply click 'next' and move to the next section.

VIN also provides complimentary access to academics that provide their university/edu.au email address, with the hope that they will contribute to VIN's community with their experience and education.

All memberships are individual ones and will follow the member throughout their career.

As the mail boxes aren't labeled as yet, please collect your mail from the front office—there are a number of EMS Essays to be collected as well.

IMPORTANT INFORMATION

COUNSELLING AND DISABILITY APPOINTMENTS

The next newsletter will have more details, but if you need to contact Sally Polkinghorne, Student Advisor for an appointment you can “drop in” between 12 and 2 pm for a 30 min appointment or book a 50 min appointment with Elaine in the Main Building.

ACCOMMODATION STUDENT'S REMINDER

If you have not already done so, can you please hand your Resident's Statement (last page of the handbook) up to Lesley as soon as possible.

Roseworthy Netball Club

The Roseworthy Campus Netball Club welcomes both experienced netballers and newcomers to the sport. The number of teams will depend on interest, however in the past we have had 2 teams (one being more serious than the other). It's a great way to meet new people and get fit (we organise a number of different fitness sessions such as circuits, personal trainers and kickboxing classes). Games are Saturday afternoons and commence at the start of May. We are also currently trying to find a coach. Their main requirements would be to attend matches on Saturday and if possible one or two training sessions a week.

As commitment is often a deterring factor, we're happy if they are just able to commit to Saturday games. A level of netball experience would be great, however last year we had a student coach and that also worked well, so anyone is welcome to apply for the position. We will be offering payment for the position, however we have not yet had a committee meeting and been able to determine how much this will be. It will also depend on whether or not they are happy to attend and run trainings.

There will be an information session held towards the end of the second O'Week (9-11 March) on campus but information will be distributed soon in regards to that. Until then I'm happy for anyone to direct enquiries to me. My mobile number is 0409 240 561.
