Dr. E. Ashby,
Imperial College of Science & Technology,
South Kensington,
S.W.7

Dear Ashby,

Thanks for your offprint on ~~the~~ Lemna. I am sending a selection of Rothamsted work on field experimentation with special reference to the sampling technique, as I think this may be of interest to you, chiefly by associate workers, since my own offprints on these subjects are, for the most part, exhausted. Also these that I send give more thorough detail for the practical work.

Yours sincerely,
