14th January, 1949

My dear Baker,

Mary thanks for sending me the proofs. I was glad to see the complete version of Dale's letter, and reread your paper from Time and Tide, which I had very much enjoyed in the original. I do think you hit the nail squarely on the head in spite of the spoke screens. I have added one sentence to my paper which came in the spoken address, and corrected one or two misprints. Of course you must not hesitate to correct others that I may have over-looked.

Yours sincerely,
