Dr. J. Danielli, F.R.S.,
Editor,
Ecology Department,
King's College,
LONDON, W.C.2. U.K.

Dear Danielli,

[CP287]
-J.H.B.
Thanks for your letter about the new Journal. I enclose a short note which you may think suitable. It is certainly theoretical biology, though it may not be verified in practice. This will not be easy, though I think it can be done.

Sincerely yours,

RONALD A. FISHER
