My dear Henry,

I do want to send you just a line to say what a joy your Butterfly book is now that I have it in print. I got a number of copies as it makes such a charming present, and they, I think, are all well bestowed. I do think that you and the photographic ^{specimens} ~~specimens~~ are to be congratulated on the production which will, I am sure, give a grand send-off to the whole series to which it belongs.

Yours,
