My dear Henry,

Thanks for your letter. I find all is clear, if it suits you, for Saturday and Sunday nights, the 26th and 27th. I have a lot of calculations on Dominion to show you and you may like to include some results, e.g. a graph, in your chapter on the estimation of numbers, as a concrete example may well be helpful. I do hope you will be able to come. Send me a line and I will book the room.

Yours sincerely,
