

25 March 1943

My dear Henry,

I am so sorry to hear of your tragic news. I do hope now that you will be ~~really~~ careful of yourself for a time, as you are bound to have been overworking yourself and now that the worst has happened you must take a little care of yourself.

Of course, I shall understand if you cannot be at the Genetical, though I still hope it may be possible for you to come.

Yours sincerely,
