

May 4, 1939

My dear Ford,

I have just gone through our paper, and <sup>trans</sup> ~~sub~~mitted it to Hill. I am glad you have added the number caught on the 26th, and <sup>hope</sup> you will not mind my leaving in the lines on totals captured and totals released, to be printed obliquely. This really seemed easier than printing them horizontally outside the line of numbers. I suppose we may hear in about a month what the referees make of it.

Yours sincerely,
