Dear Professor Frechet,

I am enclosing a few off-prints which include a short note of Bayes' Theorem and the Fourfold table and a paper of mine with Tippett on the Limiting Forms of the Frequency Distribution of the Largest or Smallest Member of a Sample.⁴ I will send a copy of a Bibliography of my papers as soon as I have a fresh supply, as I hope to have in another few weeks. I mention this, as you may want some other off-prints of mine and as your reference to the paper on Bayes' Theorem may refer to some other paper.

Yours sincerely,

⁴ I am interested to hear that you have considered the same problem.
