DEMOGRAFICHE ED ATTUARIALI

IL PRESIDE

Roma (30) October 16, 1939. XVII
10, Via delle Terme - Tel. 43-138

Dear Prof. Fisher:

I have received with some delay your kind letter of September 22, 1939.

Herewith you will find the manuscript of one of the communications presented to the Congress of Edinburgh, with some additions. I would be obliged to you if, giving the incertitude of the present communications, you will be so kind to acknowledge receipt of the manuscript, that I hope may be published in the "Annals of Eugenics".

The other paper on "The Physical Assimilation of Descendants of Immigrants" needs, in my opinion, of some rielaborations. I plan to send to you the manuscript in some days.

Sincerely yours,

(Corrado Gini)
