Thank you so much for sending me your
Eddington Memorial lecture. I have already
read it with great profit and enjoyment. It was
a happy chance that put us together last week and
prompted me to question you about parents. I
hope that the chance may someday return.

Dear Professor Hancock,

Thanks for your card. I hope the offprint may prove useful. I have recently been reading Jan Smuts life of his father. which is not intrinsically a very good book, but which I ~~have~~ found exceedingly interesting, especially for its South African point of view.

Sincerely yours,
