Dear Fisher,

Your letter has closed me here. I don't know Melalovich's work myself but am willing to sign on your recommendation.

Are you still on the selection committee? I ask because I very much hope that A.H. Wilson won't have to wait much longer. He was neck & neck with Messay when Messay was elected, but last year he was passed over for Bhabha, whose work is much less in quantity & possibly much less durable in quality.

Yours sincerely
Herold Jefferys
