

20th March 1934.

J.R.Lumley, Esq.,
Fisheries Laboratory,
Lowestoft.

Dear Lumley,

Yes, I am still living at Harpenden, as this is quite convenient for my new lab. I am enclosing some sort of a testimonial, though I can't imagine it may be the vaguest use to you, as I do not know anything about the post you are applying for. Still, I hope you will get them, both if necessary.

Yours sincerely,
