

1st. October 1946.

My dear Rob,

Thanks for your amusing letter. It is good to hear from you on your travels and I hope you may find time to write from the States.

I had a good talk with Cappell the other day in Glasgow, though he had no particular news, and I hope to be seeing Coombs soon. I am sending this to the Lister in the hope that you will pick it up on your return.

Yours sincerely,
