

9 February 1932.

Dr. J. Rasmussen,  
Svalöv,  
Sweden.

Dear Dr. Rasmussen:

It would be splendid if you could come here for a month, or as much longer as you can manage, in the Summer. I expect to be going to the Ithaca conference, but shall not be sailing earlier than is necessary, and it would be very pleasant if you could travel thither with me.

I have put your personal problems to Sir John and he is getting Lady Russell to write to Mrs. Rasmussen on the points you raise.

I was glad to hear news of you and your family from Immer, who greatly enjoyed his visit to you.

Yours sincerely,
