VASSE

See *Ngilgi's* vocabulary. *Ngilgi* was
reared in the *Buswell* household, &
educated by *Mrs. Buswell* in the schoolroom
of the house, & with *Mrs. Buswell's* nine children.

To be corrected.

Mr. Bussell contributed a few words from the Vasse district, "which", he states, "is much the same as that used at Augusta. As is the custom there they designated one and another, as well as ourselves, with the appellation youngaree and mamungo; this struck me as a considerable evidence of connection existing between them and the savages of Cape Leeuwin."

(Stirling's Journal, P. 193)

The words are :-

mendenah	eyebrow
yelit	eye
nolt	tooth
donga	ear
daan	foot
koat	hair
