SIR GEORGE BROOKMAN.

We regret to record the death of Sir George Brookman, K.B.E., who, although he had attained the "alotted man" of human life, gave promise, even to within a few days of his demise, of several more years of valuable service as a citizen of the State.

Sir George's manner of living indicated that he appreciated the Biblical injunction, "If riches increase, set not thy heart upon them." While busily concerned with forwarding the mining projects which he had helped to originate, he also gave much time and thought to schemes and tasks which brought him no gain beyond the pleasing consciousness that he was advancing the welfare of the general community.
